You will have **THREE VOTES** on 3<sup>rd</sup> May

## The Conservative Team's Priorities:

- Realigning council budgets so that Chandler's Ford gets a fairer share of borough spending on local services.
- Getting on with producing a sensible Local Plan for local people to protect the borough from hostile planning applications and infrastructure pressures.
- Opposing plans for the Bishopstoke bypass which would bring traffic up to Junction 12 on M3 putting **intolerable pressure on roads in Hiltingbury and Chandler's Ford.**
- Demanding greater transparency in the Council's budget and decision-making.
- Stopping the regular above-inflation price increases for 'discretionary services' – garden waste, burial charges, pest control etc.

Cllrs Judith Grajewski, Margaret Atkinson and Michael Hughes

## Steve Brine, your MP for the last eight years, says:

Steve Brine MP

*"Cllr Margaret Atkinson already represents Hiltingbury residents on the Borough Council where her expertise as a chartered accountant has been invaluable in scrutinising financial decisions and holding the Council to account. Re-elected every year as Chairman of the Parish Council, since its formation in 2010, she has demonstrated true leadership in the community."*

*"Cllr Judith Grajewski has been a fantastic colleague for many years. She's an extremely dedicated councillor and we work well together tackling the many issues we have across the area. If re-elected, I know Judith will continue to work closely with me and councillor colleagues across all levels of government."*

*"Cllr Michael Hughes is well-known across the area and renowned for his community focus which is second to none. His infectious enthusiasm for all things local is an inspiration to us all. I'm looking forward to continuing to work with Michael if he is re-elected."*
