with St Bartholomew Ward

## VOTE FOR PAUL HUMM ON MAY 3RD

Paul Humm, your candidate for Winchester City Council, has lived in St Bart's for over 2 years, and before that in the Alesford area for over 30 years.

Paul initially worked for the NHS for 10 years until 1985 and has since owned and managed his own business. He believes this experience, together with a tenure as Chair of Governors at Perins School, will add a useful perspective to the City Council.

Communication and representation are key – therefore enabling more conversation and interaction with the residents of St Bart's using social connectivity, as well as 'face to face' meets, is important to him.

Paul believes now is a crucial time for the City and only the Conservatives can deliver.

### Local MP, Steve Brine, endorses Paul Humm

Steve Brine MP with Paul Humm

*Steve says, "Paul Humm will bring a breath of fresh air to the city, bringing an impressive passion and awareness of what Winchester needs to the table. Paul is extremely accessible and open, and if he is given the chance, will continue to work closely with Cllr Rose Burns and myself for local residents."*

### RIVER PARK FACILITIES – THEY MUST NOT BE LOST!

As we look forward to the new (state of the art) Sports Centre at Bar End in a few short years, I believe it is crucial to apply maximum pressure to ensure that suitable community facilities are maintained at River Park. This is a fantastic hub for any number of activities throughout the year and is easily reached by a large number of residents. I will stand up and be counted in speaking up for River Park.

## PAUL'S PRIORITIES ...

- **Listening to residents' views and ensuring the Council listens too.**
- Keeping appropriate community facilities at River Park.
- Improving and linking the walking and cycling network in and around Winchester.
- Fighting to keep development architecture appropriate for the great City of Winchester.
- Looking at radical ways to reduce city traffic pollution.
- Monitoring developers to make sure they enact their commitments on affordable housing.

ON MAY 3<sup>rd</sup>

**VOTE FOR .....**

Paul HUMM

Working for residents in St Bartholomew ward

## CITY DEVELOPMENTS

The major developments of Central Winchester and Station Approach are at a crucial stage in their planning and will shape Winchester for decades.

At this 'once in a generation' time for Winchester's development it is hard to overestimate how important it is to get the architecture and facilities right.

This is not an easy task, so **representation of the residents'** views is extremely important, and the elected councillors have a duty to listen and take into account all concerns about the City they live in, and its future.

Now is the time to vote for someone who will listen and not be afraid to voice the **valid concerns of the St Bart's** residents.

Central Winchester Regeneration Area

## PAUL SAYS.....

*"I have yet to meet anyone who is not concerned about the poor architecture and affordability of some recent housing developments. I believe we have all seen alternative options as we travel around the country.*

*Surely it is not beyond us to do much better with distinctive and appropriate architecture which enhances and complements the city whilst not ignoring its history and heritage?*

*It must also be possible to plan to build in a way that people can get on the important first rung of house ownership. I am very concerned about this and intend to be vocal."*
