## WORKING FOR OUR COMMUNITY

Chris Hunt is the Conservative Winchester City Council Candidate for St Paul's Ward. He and his family have had an association with Winchester and environs for over 30 years.

Chris is a very experienced business professional and has a background in finance and management. After years working for large firms, Chris is now self-employed, owning stakes in, and providing expertise, to small businesses. This means that he is developing insights into the challenges faced by small firms and entrepreneurs, not just large ones, on a daily basis and is now very keen to use his 25 years of diversified work experience to help and support Winchester's business community.

If elected as your local councilor, Chris will focus on quality of life issues, be that traffic congestion, speeding vehicles or the environmental impact from construction and business activity. As a father of three, with one daughter already in university, he is keen to work with St Paul's unique population of students on the issues that may be of specific concern to them.

Chris is determined to maintain the nature and character of Winchester for coming generations and will be focused on helping ensure that only appropriate development, for all of Winchester's residents, takes place.

When asked what he'd like his key message to be he says, "My primary goal is to ensure that every single constituent in St Paul's feels that they have a representative who genuinely has their interests at heart and who constantly will go into bat on issues that are relevant to them."

## THE LOCAL CHOICE TO REPRESENT YOU

### Local MP, Steve Brine endorses Chris Hunt

*Steve says, "A long-standing resident of the St Paul ward, Chris is committed to giving local people strong and clear leadership if he is elected. Chris is genuinely interested in doing the job so that he can help make the area better, through the active communication and sheer hard work that it takes. He has a very impressive professional background, and I have no doubt he knows how to simply get things done. I would be delighted to help him in any way I can and I believe local residents should give Chris a chance to show them what he can do."*
