

REHAB MATTERS AT HOBBS

Steve Brine MP visited Hobbs Rehabilitation in Martyr Worthy in January to discuss the Rehab Matters campaign. The team are experts in neuro physiotherapy, occupational therapy, speech and language therapy, **children's physiotherapy, rehabilitation medicine, neuropsychology and orthotics**, treating a wide variety of neurological conditions including stroke, acquired brain injuries and spinal cord injuries.

The Winchester MP, who is also a Health Minister, met with Directors Nicky Ellis and Helen Hobbs, who were at the launch of the Rehab Matters campaign in Parliament back in October.

The campaign aims to improve access to community rehabilitation for people leaving hospital with long term conditions. It recognises that medical advances are saving more lives than ever, but too many people who leave hospital miss out on community rehabilitation services which would otherwise enable them to complete their recovery.

Steve Brine said: "A fascinating visit where I learnt a huge amount. I met some really inspiring people who've been through so much but, through their work at Hobbs, are turning their lives around after illness or injury.

"Hobbs is a local success story we're all so proud to have in Winchester and, above all, it proves rehab works and rehab matters."

PUBLIC ENGAGEMENT ON FLOODING PLANS

Steve Brine MP viewed a potential Outer Winchester Flood Alleviation Scheme which should provide more resilience across the Worthys to Littleton.

Steve Brine said: "The floods of Winter 2014 were such a nightmare for parts of the Worthys and Littleton, and I think residents are genuinely pleased to see ideas being discussed.

"We have already seen some changes but now need the County to piece it all together across the three villages.

"I hope it was a useful exercise in public engagement because whatever is done must command wide support."

LOCAL SCHOOLCHILDREN VISIT PARLIAMENT

A group of Year 6 children from Itchen Abbas Primary School visited Parliament during the Christmas term.

The children took a tour of Parliament, before meeting up with Steve Brine MP for a lively Q&A session and then going onto the Terrace for a photo by the River Thames.

Steve said: "It was great to host this lovely school, and I very much enjoyed meeting everyone and taking the questions."

If you want to arrange a Parliamentary tour, contact Steve via

NEWS IN BRIEF.....

- Proposals for reducing congestion at the M3 Junction 9 roundabout at Winnall have now been made public. Have your say at www.highways.gov.uk/m3j9
- Winchester City Council prosecuted 12 fly-tippers last year. If you see any rubbish dumped locally, report it to www.winchester.gov.uk/report
- Hampshire Highways are working hard to keep the roads moving **during the winter months. Follow the 'gritter twitter' @hantshighways** to find out when and where the salting lorries are out.

CONSERVATIVES REJECT ALLOWANCE INCREASE

Conservative councillors on Winchester City Council have rejected a proposal by an independent remuneration board to increase their councillors' allowances by 8%. At a meeting of full Council in January, Councillor Ian Tait, who represents St Michael Ward in the City, proposed that the substantial increase should be rejected, when public finances are so stretched and staff are not receiving such a substantial increase. While almost all LibDem councillors voted for the 8% increase in allowances, Conservatives out-voted them, so saving £20,000 per year. Allowances are paid out of your taxes, so must not be wasted.

The last Cabinet meeting was held in Alresford and will be held around the District in future

NEW CANCER TREATMENT CAMPAIGN

Steve Brine MP met up with Victoria's Promise this January, the charity set up to support young women through their cancer treatment and beyond.

They launched their campaign in the first week of the new year to raise the £100,000 to bring their services to RHCH so that the young women treated there will benefit from the support the charity is presently giving the young women at other hospitals in Hampshire and London.

You can find out more via www.victoriaspromise.com/vp2w

SCHOOL FUNDING

The Government has delivered on its schools funding increase promise. As a result of the changes to the local funding formula for 2018/19, Hampshire schools have an increase of 2.6%, with Winchester schools specifically receiving an increase of 3.7%.

MESSAGE IN A BOTTLE - KERBSIDE GLASS RECYCLING COMING SOON

Winchester residents should soon be able to recycle more types of waste as the City Council starts planning to collect glass as part of the regular kerbside collection. The Conservative administration is to include a monthly District-wide kerbside glass collection as part of the waste collection negotiations for the new contract that starts in 2019. In addition, we are working with Hampshire County Council and other councils to expand the range of plastics and other waste that can be recycled locally.

Cllr Jan Warwick

Councillor Jan Warwick, the City Council's Environment lead said, "Until now, it has just been too expensive to introduce glass collection, but initial discussions for the new contract have indicated that we can improve our recycling rates without **wasting taxpayers' money**. There is a lot of support among residents to increase what can be recycled, with glass collection being top of the wish list. We think that residents are willing for us to spend a bit of their money in order to **improve the service that we deliver.**"

A free container will be supplied to each household that wants one and there will be no **additional charge for using this service**. The existing 'bring sites' (bottle banks) will remain in place unless they are no longer needed once the new service has bedded in.

NEW LEISURE CENTRE AT BAR END

The plans for the new sports and leisure park at Bar End are firming up. Over the last few months, local residents have been working closely with the City Council's design team, sports groups and other partners to define the Urban Design Framework – which sets out what may happen in each part of the whole area. The outline business case has emerged alongside this, so the Council is now in a position to start procuring a construction company and an operator for the whole leisure park.

Councillor Guy Ashton, who represents residents of St Michael Ward, which includes Bar End, said, "The interest shown in this venture, by those who will be impacted by the project, has been tremendous. I have led the engagement activity, so I am delighted that the City Council is taking full account of the wishes and concerns of the project's neighbours."

We will continue to make significant changes to the proposals as a result of their feedback, which means that the new Centre will be built on the Garrison Ground, not the King George V Ground, and the size of the building will be constrained, so it fits alongside the athletics track and does not overly dominate the area.

Cllr Guy Ashton

VISION FOR CENTRAL WINCHESTER

You have been having your say on what should happen to the centre of Winchester. After 20 years of local disagreement, the new Conservative administration at Winchester City Council has engaged with local residents, businesses and other stakeholders to create a new vision for how to improve the rundown part of our beautiful City.

Council Leader Caroline Horrill said, "The inspiring way that so many people have joined in the process to influence what happens next in Winchester, fills me with hope for the future. While the Supplementary Planning Document will soon be adopted, after we have reflected the comments that we receive, there will be many further opportunities to shape each step of the way. We will certainly use this open approach to development for all our major projects, so everyone can play their part."

MAJOR OVERHAUL FOR JUNCTION 9

Steve Brine MP has warmly welcomed news that the M3 J9 will be redesigned under plans to create dedicated free flow lanes which will allow drivers travelling between the M3 and the A34 to avoid using the junction roundabout.

The roundabout itself will be redesigned into a new 'dumbbell' layout, which will increase capacity, improve safety and make journey times more reliable.

More than 6,000 vehicles currently use the junction each hour during peak times, and local residents have long been aware of the queues and congestion.

Steve Brine said, "I am delighted at this long-awaited news, and the proposals to separate out the long-distance traffic passing by Winchester from our local traffic.

"I am also pleased to see that improved access for pedestrians, cyclists and equestrians are also very much part of the plans."

Subject to confirmation, construction could start in 2021 and take around two years to complete.

FOCUS ON RHCH

Steve Brine MP has said the focus needs to be on securing RHCH, following news that there will not be a new Critical Treatment Hospital built between Winchester and Basingstoke.

Senior clinicians have been in discussions about the future configuration of services, and concluded that a new centre was not affordable and would have impacted other health services across the area.

Steve Brine said: "We have to maintain a sensible and balanced discussion about the future of acute care that, above all else, ensures the local NHS is there when we're acutely unwell."

QUESTION TIME AT CITY SCHOOL

Steve Brine MP visited St Faith's C of E primary school in December, as a follow up to a group of Year 4 and Year 5 children visiting Parliament in September.

The Winchester MP held a special question time session, which was decorated with key backgrounds and props that the school borrowed from Parliament's Education Centre on their visit.

Steve Brine said: "What a delightful visit, and all credit to the school for making use of the excellent accessories provided by the Education Service. I really enjoyed the session, and hope the children took a lot out of it."

RECYCLING INCOME

Winchester residents have helped to raise £24,000 for the Hampshire and Isle of Wight Air Ambulance by using the Council's clothing recycling banks around the district to turn unwanted clothing, shoes and textiles into cash.

The Air Ambulance provides care to those who need the highest level of urgent medical treatment, wherever they are. The service relies on charitable donations to keep the ambulance available to all who need it.

Cllr Jan Warwick said, "Residents have been filling our blue textile banks with unwanted clothing, textiles and shoes. This is helping to reduce waste, improve our recycling performance and also supporting worthwhile causes."

To find your nearest local recycling point please visit:

MOVEMENT STRATEGY FOR WINCHESTER

The Movement Strategy is an initiative by both the County and City Councils looking at all forms of transport in and around the City.

"The public consultation received many responses and raised some important issues. There has been some impressive work by our transport officers," said Cllr Jan Warwick.

People were asked their views on travelling in and around the City. The strategy aims to address travel and transport constraints, to support Winchester's growth, and allow the City to become a healthier and more accessible place.

Both councils will publish further information on the strategy and the next steps in the process, in the coming weeks.

WORLD WATCH LIST PUBLISHED BY OPEN DOORS

Steve Brine joined Open Doors in Parliament as they released their 2018 World Watch List, an annual ranking of the countries where Christians experience the most extreme persecution.

For the fifth year in a row, the level of overall persecution has risen. North Korea remains top of the list, and Afghanistan is only one point below, while India has risen to its highest ever position of 11th.

Steve said: "In over fifty countries, Open Doors' underground networks are providing persecuted believers with literature, theological training, emergency relief, livelihood training, trauma care and **advocacy support.**"
